#281745 V1

Cygnnet Select Blue Lake and Pond Dye

Cygnnet Select is a water dye for use in golf course water hazards, lakes, ponds, decorative water features and impounded bodies of water with limited outflow. *Cygnnet Select* improves the appearance of surface water by turning waters a bright blue or blue-green color.

DIRECTIONS FOR USE

Use Rubber Gloves to Avoid Staining of Hands

1. Determine water volume (acre-feet) as follows:
$$\frac{\text{Length (ft.)} \times \text{Width (ft.)} \times \text{Average Depth (ft.)}}{43,560 \text{ sq. ft.}} = \text{Acre - feet}$$
2. Apply 0.25 gal. *Cygnnet Select* per acre-foot of water as determined in #1 above. Acre-feet x 0.25 gal.= Gal. *Cygnnet Select* Required.
3. *Cygnnet Select* may be poured directly into the water at several locations or into streams in recirculating systems to enhance dispersion.
4. Additional *Cygnnet Select* may be added, as necessary, to maintain desired coloration.

PRECAUTIONARY STATEMENTS

CAUTION: Contains Acid Blue 9 Dye. Concentrated product may cause eye or skin irritation. Do not get in eyes, on skin or on clothing. Wear safety glasses or goggles and rubber gloves when handling. Do not taste or swallow. Wash hands thoroughly with soap and water after use. Remove and wash contaminated clothing before reuse. Do not mix with any other chemical. Concentrated product can stain fabric and other porous surfaces.

FIRST AID

IF IN EYES: Immediately flush eyes with plenty of water for at least 15 minutes. Seek medical attention if irritation develops.

IF ON SKIN: Immediately flush skin with plenty of water for 15 minutes. If clothing comes in contact with the product, the clothing should be removed immediately and laundered before re-use. Seek medical attention if irritation develops.

IF SWALLOWED: Immediately drink water to dilute. Seek medical attention if symptoms develop. DO NOT induce vomiting unless told to do so by a physician. Never give anything by mouth to an unconscious person.

IF INHALED: Remove individual to fresh air. Seek medical attention if breathing becomes difficult or if respiratory irritation develops.

IN CASE OF EMERGENCY, CALL 1-800-654-6911. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

STORAGE AND DISPOSAL

Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep from freezing. Do not reuse empty container. Rinse empty container thoroughly with water, then offer for recycling, or dispose in accordance with state and local regulations. In case of spill, absorb as much product as possible and dispose of properly. Then wash/dilute with water while blotting to avoid spreading product.

WATER USE RESTRICTIONS

- Allow several hours for this product to disperse before swimming, irrigation, or fishing.
- Do not apply this product directly to drinking water sources.
- When used at the recommended dosage rate, treated water will not stain exposed surfaces.
- When used at the recommended dosage rate, treated water will not harm fish, waterfowl, pets, or wildlife.
- Chlorinated water will cause fading, requiring higher dosages or more frequent treatments.
